Minister's Note

20 November 2016

Dear friends, as you know Rev. Vuyelwa Ntshinga-Yawa will be joining us next year.

I asked Vuyelwa to give us a short "bio". Here it is:

I am the youngest daughter of the late Rev Vein Ntshinga and Mrs Clara Ntshinga, born in Pretoria.

I grew up having a keen interest in the natural sciences. As a result I qualified as a professional natural scientist, having studied B.Sc. Hons and M.Eng. Sc. (waste management) at the universities of Zululand, Cape Town and New South Wales. I have served as both an environmental manager and consultant in various sectors.

My husband Thanduxolo is an entrepreneur and my strong pillar of support. Our daughter, Lethu, is now in her third year, studying Biomedical Engineering at Harvard University. Whilst I was happily growing in my profession, I was overwhelmed by the sense of God's call to the ministry. I offered for ministry as a part-time minister and served in the Dumisani and Bellville Circuits. The call has been joyfully compelling so much that I am now in full time ministry, serving Gateway and Windsor Park Societies.

As I have walked with God in life and ministry I have grown to appreciate that every life is a gift of God, and because He loves and cares for us all, I must do the same.

God Bless
Vuyelwa
